BRIEF ABSTRACT OF LETTER.

Serial
No.Previous reference
Edn 90-04.

In his note on the P.W. Estimate for 1907-08 the Comptroller has stated that provision should be made in the next year budget for the payment of Rs 5 lakhs to the Tala Research Institute. It is not known if this payment falls due in 1907-08 and so far, no orders have passed directing that this special exp. should be provided for in the next year budget.

The sum of Rs 5 lakhs per for the Institute is for initial expense on account of buildings etc and it is not clear why a building grant should be paid in one instalment. If the construction of buildings is begun in 1907-8 we may provide in the budget of that year for the portion of the grant likely to be required for expenditure during the year and the officer authorised to spend the money may be allowed to draw on the Treas or the local branch of the Madras Bd to meet expenditure as it is incurred.

In view of the heavy strain on the budget of next year as far as reasonable it is possible, to

Serial
No.

~~to~~ reduce the expenditure on this account
and if the whole grant will not be spent
during 1907-8 we may provide for just
the amount actually required for expenditure

In his telegram of 21/11
the late Dewan promised to place the grant
at the disposal of the Committee whenever
wanted. But we may ask for paying
the amount in such instalments as
will not inconvenience the Institute
Authorities in their initial arrangements
connected with the Scheme -

Subj. to Financial Secy

11.5.11

There will be considerable relief to our
finances this year if the contribution could
arranged to be paid in two ^{annual} instalments,
or better still if the Committee will take a
letter of credit for the amount likely to be
spent in the course of next year on the
Madras Bank, Bangalore, in that will
save some interest on our Current a/c.

I would suggest a do. reference to the
Honble the President offering ^{or the amount likely to be spent} 2½ lakhs this
year, & the balance next year

Subj. to the Dewan for orders.

The file about the annual grant payable to the Talā Institute is sub^d for information. The amount of the annual grant is Rs 50,000. Dr Travers in his letter of 28/6/07 enquires by what date in each year the grant would be paid to the Institute. It is not clear why the question of the annual grant is now raised. The Institute has not yet begun to work & even the construction of the Institute building has not yet been commenced. The file does not show any light as to when the grant should begin. Apparently it is only after the Institute begins to work & orders are solicited as to the reply to be sent to Dr Travers in answer to his enquiry.

old routine notes be written on small slips, the notes must be copied, or slipped on this form.

Final (Seem) may inform Mr. Dhebbha that the grant will be paid when the Institute starts work.

Sir,

The Mysore Govt
have promised to pay to
the Talor Research Institute
a contribution of Rs 5
lacs for initial expenses
on account of buildings
and I am directed to
inform you to be so

from Dr Travers what
the amt will be
required. If it
is to be required

over.

next year I am to state ^{the} view of some special demands which have to be provided for that year. It would be a considerable relief to the finances if the contribution can be arranged to be paid in ^{two} equal instalments - the first in 1907-8 and the next in 1908-9 or better still if the Committee can take a letter of credit for the amount likely to be ~~ref~~ spent in the course of next year on the Madras Bank Bangalore

Financial Secretary to the Government,

of H. H. the Maharaja of Mysore, Bangalore

SIR,

With reference to your letter No. Financial 8592 dated 20 May 1907 and in continuation of my telegram to you of this date, I have the honor to inform you that on the receipt of your letter at Nandidurg on the 23rd Instant I wired to both Messrs Tata and Sons, Bombay and Dr. Morris Travers C/O Messrs Tata and Sons. I do not know if Dr. Travers is now in India and therefore I thought it best to wire to Messrs Tata and Sons also. The telegram in each case was worded as follows:-

" Mysore Government ask if building grant of five lacs for Tata Institute can be paid in two equal instalments, one before and the other after June 1908, or better if Institute will accept letter of credit for amount required before June 1908 on Madras Bank Branch Bangalore. Kindly wire reply early.

This morning I have received from Messrs Tata and Sons the following reply - dated 24th May by wire here, Dr. Travers probably being away as I feared in Europe:-

" Will accept two equal letters of credit one payable July 1907
the other payable July 1908.

I have the honour to be,

Sir,

Your most obedient servant,

Telegraphic Address:-

The Inspector General of Education
in Mysore, Bangalore.

Sir,

We beg to acknowledge receipt of your telegram received yesterday reading as follows:- "Mysore Government ask if building grant of five lacs for Tata Institute can be paid in two equal instalments, one before and other after June 1908, or if institute will accept letter of credit for amount required before June 1908 on Madras Bank, Bangalore. Kindly wire reply early."

In reply we wired to you as follows:- "Will accept two equal letters of credit, one payable July 1907, the other payable July 1908."

It is likely that the Government of India will grant the Vesting Order creating the Institute in a few days, and engineers are already working on the plans of the required buildings. But the money for the need not be all provided at once; one half in July next, and the other half a year after will do very well. We have, therefore, requested you to divide the sum of five lacs into equal parts and give us two letters of credit on the Bank of Madras, the first half to be payable in July 1907, and the second in July 1908.

In reply to your telegram forwarded through Mr. H. J. Bhaba and Messrs Tata & Sons I have addressed a letter to Mr. Bhaba informing him that The second instalment of the grant will not be required before June 1908. At the present moment there is no Committee or person in a position to hold a letter of credit on behalf of the Institute.

I have the honour to be, Sir,

Your obedient Servant

M. M. L.

The Financial Secretary to the Government of

His Highness the Maharaja of Mysore.

Financial Secretary to the
Govt of H. H. the Maharaja of Mysore,
Bangalore

In continuation of my letter No 8919
477
dated 29th May 1907, I have the honour to
forward herewith copy of a letter from
Dr. Morris W Travers, Director of the Indian
Institute of Science dated, Simla, May 28,
1907.

2. As I personally suggested to you
yesterday, although there may not be a
Governing Body or Court constituted at
present for the Institute, Messrs Tata and
Sons may be asked to hold the proposed
batter of credit in behalf of the Institute

ough Dr Travers does not seem to
suggest this way out of the difficulty -
if the first instalment is to be paid in
cash, Dr Travers does not appear to
think there will be any difficulty in
accepting it, in the absence of a regula-
rly constituted governing body.

I have the honour to be,
Sir,

Sir,

In reply to your telegrams I beg to inform you that we shall not require the second half of the grant from the Mysore Government before June, 1908. As there is no body yet constituted who is in a position to hold the proposed letter of credit on behalf of the Institute it is impossible to accept the second suggestion.

I shall be obliged if you could inform me by what date in each year the Government of Mysore would be prepared to pay over the annual sum promised to the Institute.

I have &c
